ABOUT THE BOOK

Lead Like a HUMAN

Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged.

It was popularised in the 1960s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of Lorem Ipsum.

Lead Like a Human

Lead Like a Human is a call back to the kind of leadership people remember long after the job titles fade. This book guides you to lead with integrity, empathy, and accountability not through authority, but through influence earned the human way.

Through personal stories and practical tools, the book reveals how leaders can create cultures where people feel valued, challenged, and inspired to shine. You will discover why coachability outranks talent, how attitude shapes culture, why the “high road” is non-negotiable, and how true leadership is measured by what others say about you when you’re not in the room. It’s a handbook for leaders who want to build trust, elevate performance, and leave a legacy that lasts, not by being perfect, but by being authentic and courageously human.

Chapters By Chapters

Lead Like a Human isn't just a book. It's a roadmap to leading with heart, character, and lasting influence.

From Paramedic to Command

A journey from paramedic to leadership reveals that true influence begins with service and sacrifice. This chapter shows us how early challenges shaped a values-based leadership approach centered on purpose, humility, and hard work, reminding readers that small decisions build the leader they become.

Feedback, Not Flattery

Growth requires honesty, not compliments. This chapter explores the shift from seeking validation to embracing challenging feedback. With lessons on coachability versus talent, readers learn how accepting truth, even when uncomfortable, becomes the reason for personal transformation and stronger leadership.

Your Attitude Sets the Atmosphere

Leaders carry an emotional climate with them. This chapter shows how mindset and attitude influence team morale, culture, and performance. It highlights that attitude isn't a feeling, but a responsibility, and challenges leaders to elevate their presence to positively impact everyone they lead.

Lead Like a Human, Not Just a Title

Leadership is earned through empathy, connection and presence not authority. This chapter encourages leaders to build trust by listening, caring and showing up authentically. It reinforces that influence grows when leaders connect on a human level and lead with intention rather than reaction or control.

The High Road is the Only Road

Integrity defines lasting leadership. This chapter emphasizes choosing character even when it's difficult, unseen, or unappreciated. Through small daily decisions rooted in principle, leaders build trust, respect, and long-term credibility. The high road is not easy, but it compounds into influence that cannot be faked.

Be the Trusted Communicator

Communication builds trust or breaks it. This chapter highlights the power of clear, direct, compassionate communication and its impact on psychological safety. Leaders learn to speak truth with empathy and model transparency that strengthens relationships and team trust.
